Plasma: Scalable Autonomous Smart Contracts

In Spain, an autonomous community (Spanish: comunidad autónoma) is a first-level political and administrative division, created in accordance with the Spanish constitution of 1978, with the aim of guaranteeing limited autonomy of the nationalities and regions that make up Spain.. Spain is not a federation, but a highly decentralized unitary state. While sovereignty is vested in the nation as ...

Definition. According to the Oxford Handbook of Megaproject Management, "Megaprojects are large-scale, complex ventures that typically cost \$1 billion or more, take many years to develop and build, involve multiple public and private stakeholders, are transformational, and impact millions of people". However, \$1 billion is not a constraint in defining megaprojects; in some contexts a relative ...
