media culture and society pdf

In cultural studies, media culture refers to the current Western capitalist society that emerged and developed from the 20th century, under the influence of mass media. The term alludes to the overall impact and intellectual guidance exerted by the media (primarily TV, but also the press, radio and cinema), not only on public opinion but also on tastes and values.

International Journal of Society, Culture & Language (IJSCL) is an open-access and fully peer-reviewed journal that publishes original research and review articles on the relationship between society, culture, and language. IJSCL favors articles which have a sound theoretical base with visible practical applications that can be used by specialists in anthropology, sociology, linguistics ...

International Journal of Society, Culture & Language

Issue 32 called for provocations into the human-nature relation through the questioning power of the moving image. In particular, the editors looked for contributions that focused on the function of the moving image as a material artefact or visual object within an ecological milieu or image-world, where the human relation to nature is rendered open-to-question.
