The recommendation list was developed by a representative working group of the Pediatric Committee of AMMI Canada in collaboration with AMMI Canada's CWC leads that put forth the Infectious Diseases and Medical Microbiology recommendations.

Medical Microbiology - Choosing Wisely Canada

In response to a high level of student interest in viral infections, the School has decided to offer the opportunity for students who focus on viruses in their module and project choices to be awarded a Master's degree in Medical Microbiology (Virology). This choice will depend on the module selection of the individual student in Terms 2 and 3 and choice of project.

Overview of Regulatory Requirements: Medical Devices

The medical application to industrial microbiology is the production of new drugs synthesized in a specific organism for medical purposes. Production of antibiotics is necessary for the treatment of many bacterial infections. Some natural occurring antibiotics and precursors, are produced through a process called fermentation. The microorganisms grow in a liquid media where the population size ...
