Medical Terminology Course Online - Accredited Class

Medical terminology is the specific language used by professionals in the medical industry and for success in this field, understanding and communicating in the language is critical.

Online Course: Medical Terminology 201 - Learn Advanced

In the United States, the licensing of prehospital emergency medical providers (emergency medical technicians (EMTs)) and oversight of emergency medical services are governed at the state level. Each state is free to add or subtract levels as each state sees fit.

Emergency medical responder levels by U.S. state - Wikipedia

Medical classification, or medical coding, is the process of transforming descriptions of medical diagnoses and procedures into universal medical code numbers. The diagnoses and procedures are usually taken from a variety of sources within the health care record, such as the transcription of the physician's notes, laboratory results, radiologic results, and other sources.
