Preventive healthcare (alternatively preventive medicine, preventative healthcare/medicine, or prophylaxis) consists of measures taken for disease prevention, as opposed to disease treatment. Just as health comprises a variety of physical and mental states, so do disease and disability, which are affected by environmental factors, genetic predisposition, disease agents, and lifestyle choices.

Singing is not one of the nine marks, a point which, not surprisingly, has come up once or twice with my minister-of-music father. That said, okay, yes, 9Marks does have a few opinions on music. Our understanding of the local church pushes us toward a slightly different perspective on church singing than some of our evangelical brothers and sisters.
