A few notes: If you have a big group of students, all it takes is one (different) person able to solve each problem for it to seem to anyone with even mild insecurity that everyone else is able to solve everything quickly.

I feel like my interest in math far outweighs my ability

There are few things more complicated in analytics (all analytics, big data and huge data!) than multi-channel attribution modeling. We have fought valiant battles, paid expensive consultants, purchased a crazy amount of software, and achieved an implementation high that is quickly, followed by a ...
